

RealArcade® Mobile

Worldwide Mobile Games Developer & Publisher

Highlights

- As the global leader in casual games for the PC, RealGames has an audience of millions and has helped position RealArcade Mobile as one of the top ten providers of casual games for mobile.
- Many RealArcade mobile games are chosen from the most successful RealGames casual PC titles and converted to a made-for-mobile format.
- RealArcade Mobile has developed over 40 mobile games to date worldwide, including such hits as Cake Mania, Playman Extreme Running, MTV Cribs, Luxor and South Park 10: The Game.
- RealArcade Mobile's games are distributed throughout North America, Europe, Latin America and Asia.
- More than 800 handsets are currently supported by RealArcade Mobile.

Growth

- Year over year, Real's Mobile Games division has experienced growth of 230% in North America, and a growth of 37% worldwide.
- In 2006, Real acquired Mr.Goodliving, an award-winning mobile games studio in Helsinki, Finland.
- This year, RealArcade Mobile plans to add 12 new mobile games to its catalog.

Distribution

- In North America, Real delivers games to consumers through its partnerships with most of the major wireless carriers including Cingular, Sprint, T-Mobile, and Virgin Mobile.
- Real also has strong relationships with European carriers such as Vodafone, O2, and Telefonica as well as with Korean and other Asian carriers.
- RealArcade's proprietary EMERGE technology is an industry-leading platform that ensures games easily and quickly support the widest possible range of mobile phone handsets globally.
